## Super Rod Mega Set Plus

PE has teamed up with Super Rod this month to offer three readers the chance to get their hand on a Mega Set Plus, with carry case – worth over £160!

The product has been designed by installers, for installers. It has a number of benefits which will really make the difference on-site; the Cable Rod system will save you time and effort when routing cable, whilst the Cable Jack will help with spooling cable off the drum.
